

Here's your chance to build a true willing partnership with your horse based on mutual trust and respect!

Horseman Scott Wehrmann carries on the horsemanship styles of Tom and Bill Dorrance, Ray Hunt and Buck Brannaman. See how your horse responds to these proven methods.

Throughout the year, Scott provides private Foundation Horsemanship Clinics. Each clinic session is tailored to individual participant's concerns and each horse's individual needs. Clinics may include work loose in a round pen, ground work with a lariat or halter, or mounted work. Scott's quiet, gentle, and straight forward training style has proven to be very effective with all types and ages of horses.

While never using force or fear, Scott applies common sense methods and very personalized training to help the rider achieve partnership with his or her horse. Riders will learn to create a mental connection and improve their riding skills using the smallest of efforts based on the concepts of feel, timing, balance, release and reward.
